Tattoos with a purpose!

Lost and Found Temporary Tattoos are a unique way to make sure that if your child is lost they will be found.

"People tell me I'm a worry wart, but I totally got into these temp tats! Jordan went on school trip and it was the first time I didn't worry... as much. He loved the dinosaur on his arm."

PATRICIA K, Hamilton, ON, mom of Jordan 6

Nothing like a nice warm bath

Spa Baby Tubs were created by a mom who saw the need for a tub that didn't cool down.

"I love, love, love this tub. Sophie always got so cranky in the tub, but not in this one. I'd hate to have a tub that got cold, so now I know why she was so miserable!"

BRENDA L, Fonthill, ON, mom to three-month-old Sophie

Raising your toddler's profile

Kaboost is a compact and portable chair booster that raises the height of kitchen and dining room chairs so your child can sit at the table just like a grown-up.

"I really loved how I could pack this up to take to my mother's. Becca loved being 'just like a grown-up at dinner'. And it fits many different chairs, too."

No-fear baby clippers are here

Baby Light & Clip was invented by a mom who knew how nerve-racking it was to clip her baby's fingernails.

"For the first time I didn't panic while trimming Victoria's nails. They grow so fast (and she always seems to scratch me while nursing) that I'm very happy to have found a solution. A wonderful product."

Your child's drawing comes to life!

Child's Own softies are created from your child's favourite drawings.

"It's absolutely spectacular to see the detail and colours of children's drawings become something they can cuddle and I can keep forever... if he will share of course!"
