

Clipping Your Baby's Nails just became an easy Chore!

The Baby Light & Clip is an innovative product that takes the stress out of cutting your baby's nails. No more creeping into the bedroom in the dark trying to cut your baby's nails while they are sleeping. [Baby Light & Clip](#) is really easy to use and the light shines right where you need it to in order to trim safely while your baby is sleeping.

With 4 safety features including safety guards to help avoid nicking your baby's skin, comfort control handle for easy maneuvering, a compartment to help keep clippings from falling into your baby's bedding, and it also shows sharp edges that can scratch baby's face or neck.

Baby Light & Clip comes with a compact case for storage and travel.

This is a perfect gift for any new mom-to-be. For more information about the Baby Light & Clip and where you can buy one visit www.BabyLightandClip.com
